Reference:

Neath Port Talbot Council's continuation of rubber stamping planning department malpractice to that allows developers to disregard the lives and health of the residents in East Glynneath.

Neath Port Talbot Council's failure to prevent actions that disregard the lives and health of the people of Cwmtwrch in Powys.

Dear all,

I have continued with my public exposure of your corrupt organisation by placing several instances of the council's corrupt actions in the public domain.

Evidence of NPTC corruption can be found in the following Youtube videos.

GLYNNEATH CONTAMINATION - NEATH-PORT TALBOT COUNCIL COVER-UP

<https://www.youtube.com/watch?v=OcqDYTulk8s>

GLYNNEATH REPRESENTATIONS AT NEATH PORT TALBOT COUNCIL PLANNING COMMITTEE MEETING 8 SEPTEMBER 2020

https://www.youtube.com/watch?v=Lq8IEbX_BRY

All members of NPTC copied to this email have been identified on both videos as covering up council corruption:

NPTC have previously been offered the opportunity to provide counter evidence to all the allegations contained in the videos but have failed to provide any.

Our next video "Neath Port Talbot Council Corruption - Planning Officer Steve Ball" will be in the style of "GLYNNEATH CONTAMINATION - NEATH-PORT TALBOT COUNCIL COVER-UP" and will focus on the corrupt activities of Steve Ball. Some of these actions are highlighted on the page below, they will be presented together with additional verbal fabrication presented to the planning committee in the meeting on 8 September 2020.

The following page detailing some of his corrupt actions can be found in the public domain at the following internet address:

<http://www.walk-around-wales.com/county/npt/glynneath/enzo-development/CCC/rab-deception.htm>

I am offering you the opportunity to provide counter evidence to the allegations made on this page prior to its publication. If counter evidence is supplied then depending on its content, I will add it to the video, remove the information from the public domain or take other appropriate action.

The following person who is also aware that Steve Ball is corrupt will be added to the accountability section of the video along with those already identified in previous videos.

Ceri Morris - Head of Planning & Public Protection: c.morris1@npt.gov.uk

I trust this email finds you in good health. Failure to respond to this communication will be seen as an acceptance that the information contained on this page and the Youtube videos is correct and you do not wish to challenge my analysis.

regards

Dai Richards
