INFORMATION REQUEST

Dear Councillor

You were provided a document prior to the planning committee meeting on 8/9/2020 a document that explained the process of how the Neath-Port Talbot Council Planning Department and Committee failed to observe council protocol when they failed to investigate further contaminated land identified in 2008. The same document provided documentary evidence of this breach which suggested that a member/s of the planning department had committed malpractice.

Please provide the following information or relevant answers to questions under the Freedom of Information Act and/or the purpose or the Neath-Port Talbot Council as defined in the Corporate Plan which is to serve and represent the interests of its citizens and communities:

***Our Purpose:** Neath Port Talbot County Borough Council exists to serve and represent the interests of its citizens and communities. We strive to improve the economic, social, environmental and cultural well-being of all of our people.*

Please provide a detailed log of the due diligence actions you have taken in respect of this information received? For example:

Did you manually check if the information contained in the document was factually correct within the planning department records?

If you were party to or had knowledge of a NPTC meeting scheduled prior to the actual planning committee meeting on 8/9/2020?

Were you aware that Councillor Chris Williams lived next to the development site and while he lived next to the site his wife died of unnatural causes?

Had Councillor Williams informed you that he had avoided giving us this information?

What experience do you have you in the construction industry or any other planning related industry?

Do you hold any planning related qualifications?

What is your total annual salary with the NPTC?

How much of your salary relates to your duties with the planning committee?

QUESTIONS END

With reference to the Freedom of Information Act. If any questions that we have asked do not fall into this category then we respectfully request with reference to your council's Corporate Plan as outlined at the beginning of this email.

I thank you in advance for your support of the people of Glynneath:

regards

David Richards on behalf of East Glynneath - Residents Against Contamination
