Dear Neath-Port Talbot Council Public Officials

Our ref: 20210711A-EM-RREL-NPTC-morris.video

I refer to a YouTube video recently uploaded for public viewing that reaches the following conclusion:

Ceri Morris (Head of Planning and Public Protection at NPTC) is continuing to, and has potentially murdered Glynneath residents to support the corrupt activities of the Neath-Port Talbot Council Planning Department.

The on-line address for the video is as follows: <https://youtu.be/ZNR32GigBqM>

This email is sent to you so that you have the opportunity to provide counter evidence to that presented in the video or to undertake an investigation into this allegation. We would also extend the opportunity to be interviewed by a member of our team for inclusion in the video which we will be happy to remove and re-edit to include your response.

The video is also linked to YouTube from the Rugby Relics Ltd owned website www.walk-around-wales.com. This website includes more information relating to the "Glynneath Contamination Potential Social Murders Corruption Coalition" of which you have been identified as a member.

The video is uploaded in response to the NPTC value as stated in the NPTC Corporate Plan.

"We will be open to challenge and will promote a culture of learning and innovation throughout our organisation"

The video also draws its inspiration from the remaining 'purpose, vision and values of the Neath-Port Talbot County Borough Council which are:

Our Purpose: Neath Port Talbot Council exists to serve and represent the interests of its citizens and communities. We strive to improve the economic, social, environmental and cultural well-being of all of our people.

Our Vision: We want our county borough to be a place where everyone has an equal chance to get on in life – a place where people want to live, learn and work and bring up their family.

We want our beautiful natural environment, and our rich cultural and industrial heritage to be appreciated and protected for many future generations to enjoy.

We also want to pursue new and existing opportunities for economic growth so we can sustain our diverse communities for many years to come.

Our Values: We will stand up for our citizens and our communities, advocating for the needs and aspirations of our people in every aspect of our work.

We will listen to our citizens, our workforce and our many partners and seek ways to meaningfully involve people in our work.

We will celebrate diversity in all of its forms and work tirelessly for greater equality in all of our communities.

We will conduct the work of the Council in an open and accessible way, ensuring we are properly accountable for the decisions we make.

We will make the best use of all resources available to us.

We will further strengthen the bonds of collaboration, working with others – including the voluntary, statutory and private sectors to benefit our citizens and communities.
