Subject: P2020/0863 - planning application - email objection

Dear NPTC,

Due to the corona virus and the unavailability of the website option of placing a planning objection the following resident has asked me to object on their behalf. Clarification of my instruction to represent this resident can be obtained from them by telephone if required.

3 November 2020

Application No.- P2020/0863

Site address - Land South Of Heol Y Glyn, Glynneath, Neath.

Jennifer Woodward, 16 Brynhyfyd, Glynneath, 01639 721881

This resident would like to object to the application on the following grounds:

Several residents in the area have witnessed what they would consider to be illegal dumping by the Cuddy Group including barrels of that may contain toxic waste and asbestos.

These residents include Nigel Taylor whose eyewitness account of possible toxic waste being dumped at the site has now been uploaded to you-tube

<https://youtu.be/uugKZC7N7Cs>

Ian Williams has also been witness to the Cuddy Group tipping unregulated waste at the site to below its natural ground level.

<https://youtu.be/Y35FTW0Jnn8>

It should be noted that the NRW licence began in August 2014 and the majority of waste tipped at the site pre-dates this.

Satellite pictures of the site confirm this.

This resident is concerned for their safety and would like to see on-site testing of the ground before any further work is undertaken to avoid the dispersal of any contaminants that may be present.
