Dear Mr Watkins,

Thank you for your email, I would refer you to your statement:

"I have attached the proof of posting certificates for each of the documents posted to you, in respect of each of your accounts:"

What you have attached are proof of generic bulk postings that could apply to any communication posted at a post office to any address anywhere in the UK. This has no basis as evidential truth. There is no evidence you have posted anything to us, and there is no evidence of any delivery having taken place. Your so called 'proof of posting' documents fail to prove anything in relation to the so called documents you allege have been sent to us.

Our stance remains the same. We will not pay to fund child abuse and murder by your council. Evidence has been supplied to your council of this. Four documents are attached which we will be able to rely on in court with 6 years of accumulated evidence of submissions to your council to show this.

The following attempt at avoiding your responsibility for the abuse of children and the murder of babies does not remove you from your collective responsibility for ensuring that the money you collect is used for the purpose it is designed for.

You said..... "I have noted the concerns and allegations you have raised. These matters are separate from the administration and recovery of your Council Tax account and do not, in themselves, remove or suspend Council Tax liability. The Council will therefore continue to administer the account in accordance with the relevant Council Tax legislation and any recovery process applicable to the account"

Those matters are not separate because the council you work for will use the council tax i pay to cover up its historic criminal actions and to pay for more crimes including the abuse of children. You are ordering me to pay this money to you and I refer you here to the term 'liability order' and my responsibility under international law, principle IV not to pay to fund crime that will harm children and murder vulnerable babies, children and people. This is an order of liability I will not obey.

I note your response avoided our question about our stance whether you had read it or not but your email identifies that you refuse to accept your individual responsibility for funding your council's crimes through the collection of council tax. The 1998 Public Interest Disclosure Act is an option for you and a moral choice you are refusing to accept as your responsibility to prevent crime at your council.

https://www.legislation.gov.uk/ukpga/1998/23/contents

The United Nations International Law therefore identifies you and anyone who collects your council tax for you as criminals who can and will be prosecuted when the truth of your councils's activities becomes known. This is only a matter of time.

Principles of International Law Recognized in the Charter of the Nürnberg Tribunal and in the Judgment of the Tribunal.....

Principle IV The fact that a person acted pursuant to order of his Government or of a superior does not relieve him from responsibility under international law, provided a moral choice was in fact possible to him.

https://legal.un.org/ilc/texts/instruments/english/draft_articles/7_1_1950.pdf

the Public Interest Disclosure Act was your moral choice.

Our stance has not altered and so we repeat the following information for .AJ Enforcement.

LEGAL NOTICE - SPECIFICALLY FOR THE ATTENTION OF AJ ENFORCEMENT

Evidence of unlawful killing and Corporate Homicide has been submitted to Glynneath Town Council, Neath-Port Talbot Council and South Wales Police that has either been destroyed (by Glynneath Town Council), failed to be reported to the relevant regulatory authority (by Neath Port Talbot Council) or inappropriately investigated (by South Wales Police). These actions by the relevant regulatory authories breach the 1861 Offences Against the person Act and the 1998 Human Rights Act. Therefore all legislation that supports the Council Tax paid to these three organisations is defunct based upon their criminal activity. They have a fiduciary duty to council tax payers that is written into their regulations. The courts were informed of this failure and there is a paper trail and video evidence 6 years long identifying the deliberate refusal of Neath Port Talbot Council to uphold their responsibility with regards toxicants that can be found next to homes in Glynneath. You have a responsibilty to ensure that the money you collect is not being used for criminal activity. The money you are collecting is being used to cause Corportate Homicide against Glynneath residents. If you collect money from those who refuse to pay it then self defence against your organisation is a legal responsibility. It is a duty. I refer to the Nuremberg trials following World War II. Following orders is not a valid reason for committing atrocities. You are collecting money to murder babies:

Dear Mr Watkins

This is an interim response before I respond to you fully with regards to your stance about the importance of paying council tax above all other laws. In an email dated 28 September 2026 you said.....

"Whilst I acknowledge that you have raised concerns and disputes concerning other matters, including environmental and public interest issues, those matters are separate from your Council Tax liability. They do not, in themselves, prevent the Council from continuing recovery action in respect of outstanding Council Tax.

The Council Tax recovery process is therefore separate from any complaint, legal claim, regulatory matter, planning matter, environmental concern or other dispute you may have with the Council. Where Council Tax remains lawfully due and unpaid, recovery action may continue."

To allow me to respond appropriately to your email, please can you provide further information.

The following segment is copied from the chain of this email which is our stance with regards to the payment of said tax. Can you confirm that you have read this information please and that your stance is based upon having read this. That you have read the information and are fully conversant with its wider implications and you are still happy to engage AJ Enforcemnet to visit my property to collect council tax on behalf of your council.

As no satisfactory payment arrangement was made, the outstanding balance was referred to AJE on 20 July 2026.

Account reference 661793161

The following documents were issued prior to referral to AJE:

- Opening Bill, 2025/26 financial year: 31 March 2026
- Opening Bill, 2026/27 financial year: 31 March 2026

- Exemption Notice, 2025/26 financial year: 18 August 2026
- Liability Order, 2026/27 financial year: 1 September 2026

As no satisfactory payment arrangement was made, the outstanding balance was referred to AJE on 21 September 2026.

The above chronology demonstrates that the Council issued the relevant billing and recovery correspondence before the accounts were referred to the enforcement agent.

Notices of Enforcement

Separately from the Council's billing and recovery notices, AJE has confirmed that Notices of Enforcement were issued in respect of the three cases as follows:

- Case 66144500X: Notice of Enforcement issued 20 July 2026
- Case 660414060: Notice of Enforcement issued 17 August 2026
- Case 661793161: Notice of Enforcement issued 21 September 2026

A Notice of Enforcement is a distinct requirement of the taking-control-of-goods procedure. The Taking Control of Goods Regulations 2013 prescribe both the information that a Notice of Enforcement must contain and the methods by which it may be given.

Accordingly, I do not accept your assertion that the accounts were referred for enforcement without Notices of Enforcement having been issued.

The Council Tax bills and recovery correspondence were issued in accordance with the statutory Council Tax billing and recovery process. Regulation 2 of the Council Tax (Administration and Enforcement) Regulations 1992 makes provision concerning the service of notices under those Regulations.

Following the granting of the relevant Liability Orders and referral of the outstanding debts to AJE, enforcement by taking control of goods is governed by Schedule 12 of the Tribunals, Courts and Enforcement Act 2007 and the Taking Control of Goods Regulations 2013. The latter Regulations specifically govern the Notice of Enforcement preceding the taking control of goods.

You should now contact AJE directly to discuss payment of the outstanding amounts and any payment arrangement they may be prepared to accept:

Telephone: 01792 645533
Email: enquiries@ajenforce.co.uk

Unless the outstanding Council Tax is paid, or an appropriate arrangement is agreed, recovery action will continue in accordance with the applicable legislation.

Yours sincerely,

Mr C. Watkins

For the urgent attention of the Council Tax Billing Manager and the Section 151 Chief Financial Officer, Copied to AJ Enforcement for verification of unlawful activity.

Dear Sir/Madam,

RE: Unlawful enforcement action taken by A J Enforcement on 21 September 2026.

I am writing to log a formal, high-level complaint regarding a severe procedural and statutory breach committed by your instructed enforcement agents, A J Enforcement, regarding the above-referenced Council Tax accounts.

On 21 September 2026, an enforcement agent from A J Enforcement attended my property to execute a Liability Order and attempt to seize property/goods.

However, neither Neath Port Talbot Council nor A J Enforcement have ever served a formal Notice of Enforcement to my address.

The Statutory Breach

Under Paragraph 7(1) of Schedule 12 of the Tribunals, Courts and Enforcement Act 2007 and Regulation 6 of the Taking Control of Goods Regulations 2013, an enforcement agent is strictly and legally prohibited from taking control of goods or visiting a debtor's premises unless the debtor has been given a minimum of 14 clear days' notice in writing.

Because no such notice has ever been received or lawfully served, the compliance stage has been completely bypassed. Consequently:

The attendance by A J Enforcement on 21 September 2026 constitutes an unlawful entry onto my premises.

Any enforcement fees added to the account by A J Enforcement are entirely invalid under the Taking Control of Goods (Fees) Regulations 2014.

Wider Context & Active Dispute

Please be advised that this account is subject to a profound, long-standing dispute concerning institutional malfeasance, public safety failures, and structural negligence by Neath Port Talbot Council regarding the Heol-y-Glyn landfill site in Glynneath.

These serious matters, involving toxicant exposure, have been raised repeatedly with your council, the courts and local law enforcement since April 2020.

Your council are responsible for the perpetual homicide of vulnerable people living around a toxic waste dump. Your department continue to fund the potential murder of babies, unborn children, children and vulnerable adults living next to a contaminated landfill site your planning department are covering up.

To utilize aggressive and legally flawed enforcement tactics while these severe public interest concerns remain unresolved, and in direct violation of statutory notice periods, is a severe failure of local authority administration.

Formal Remedy Required

As the instructing creditor, Neath Port Talbot Council remains fully liable for the actions of its appointed agents. I require the council to take the following steps immediately:

Instruct A J Enforcement to cease all enforcement action and stand down with immediate effect.

Freeze the account and place a temporary hold on all collection activities while this statutory breach and the wider dispute are formally reviewed.

Provide written proof of postage/service if it is claimed a Notice of Enforcement was issued, detailing the tracking numbers and exact dates of service.

Remove all enforcement and attendance fees applied to these accounts by A J Enforcement, as they were applied during an unlawful action.

I look forward to your urgent confirmation within the next 48 hours that enforcement action has been suspended.

If the council or its agents persist with unlawful visits in breach of Schedule 12, I will escalate this matter to the Public Services Ombudsman for Wales and seek a court order under Civil Procedure Rule 84.13 for an injunction and damages.
