Dear Council Leader & Chief Executive of Neath Port Talbot Council,

This forwarded email is part of an email correspondence chain between myself and Mr C Watkins, the senior council tax officer of your council. This particular email attaches 4 documents, 3 of which have been submitted to your council already and a recently published one which you should consider this email as being the actual submission for this document (False Truth Landfill site). Mr Watkins is of the opinion that I should pay council tax to your council even though I am aware that members of your council are covering up child abuse (Simon Knoyle) and the perpetual corporate homicide of residents by your council. It should be noted that I have been corresponding with your council and providing evidence for 6 years of their failure to follow contaminated land protocol without counter evidence being offered. I am of the opinion that this is a breach of international law and have pointed him to the 1998 Public Interest Disclosure Act.

He has a moral choice to collect money to further the cover-up of crimes of your council or to report them under PIDA. Following World War II and the Nuremberg trial the principles of international law were created by the United Nations. If Mr Watkins fails to refer the info suplplied to him to PIDA then he is in breach of Principle IV of International Law which states.

The fact that a person acted pursuant to order of his Government or of a superior does not relieve him from responsibility under international law, provided a moral choice was in fact possible to him.

Order in this case means a liability order to which Mr Watkins constantly refers, the money collected by him will be used to perpetuate the cover up of environmental crime as has happened for the last 6 years.

You were previously copied to an email by the MP Christina Rees on 20 April 2023 but Councillor Knoyle froze you out. The outcome of that exchange can be found on YouTube. Link below

https://youtu.be/nNb1eMEK_7s

It then fell to the former CEX Karen Jones to cover-up your council's corporate homicide, link below.

https://youtu.be/655BmK-sNO0

The things I am saying about your council can be backed up fully by evidence and its important to note that your planning department have removed the safety conditions for 21,000 cubic metres of toxic waste to be moved closer to peoples homes. This is well documented by us and so your council may well be responsible for a large volume of additional deaths at some time in the future. The YouTube link below shows the Glynneath Town Council clerk having been advised (manipulated) by your chief legal officer about information relating to recent deaths.

https://youtu.be/ie8wXtfnpsw

The purpose of this email is to request a meeting with you to discuss our recently published document and its implications.

https://www.walk-around-wales.com/county/npt/glynneath/enzo-development/false-truth-landfill-report.htm

and the historic failure of your council to protect its citizens. We would like to work with the council to find a resolution to this problem. You being a new leader have the opportunity to wipe the slate clean and to start afresh and to make safe land that contains toxicants that are affecting people.

Failing that could you please make Mr Watkins and Councillor Knoyle available so that we can make a citizens arrest on them. Our last citizens arrest on the Glynneath Town Council went a bit awry. Link to YouTube video below

ttps://youtu.be/dRG5GhCJIqk

Our public stance on Councillor Knoyle is as follows.

Simon Knoyle is a sociopath whose criminal behaviour shows willingness to cause the death of babies, unborn children, children and other vulnerable residents in Glynneath. He has been supporting planning department corruption and causing the death of Glynneath residents for at least the last 6 years (2020-2026).

He is also covering up the systematic abuse of children by the Welsh Government. He is a Councillor in Neath Port Talbot Council, a legally appointed governance organisation within the United Kingdom Government system.

The purpose of this page is to provide evidence and or links to evidence to the public of his inappropriate and/or criminal behaviour that has and still is causing the death of residents living next to a toxic waste dump in his ward, not forgetting of course, the abuse of children in Wales

This can be found on this page of our website along with several linked pages of collected information that allowed us to make this statement.

https://www.walk-around-wales.com/county/npt/council-npt/people/councillors/knoyle-simon-SKNO-NPTC-pub.htm

I hope you will take the time to consider working with us for the benefit of the residents of Neath Port Talbot. Under no circumstances would we consider a referral to the ombudsman, poilce or similar as appropriate. These issues are complex and there are people inside your organisation who are covering up crimes and perpetuating the corporate homicide of your residents. You have taken on responsibility, now is the time to be responsible.

kind regards Dai Richards - Chairman, Glynneath Residents Against Contamination.
