FAO The directors of Andrew James Enforcement Limited, Swansea

Dear AJ Enforcement and all copied to the email,

I refer to the forwarded emil from earlier this week with regards to the South Wales Police officer DS Peach suggesting that the suspicious activity of a former NPT Council Leader that may have been linked to the grooming of a 13 year old girl was not a police matter and also the recent upload of your bailiff's visit to our place during our work hours in 2025 where he identified the importance of paying to emply bins as opposed to preventing systematic child abuse being covered up by Neath Port Talbot Council. It is our intention to create a video showing how your company is collecting money to fund child abuse using this incident as an example of potential abuse and the opinions of your employee which I would suggest unless otherwise informed is the policy of your company. The working title of the video is to be "Bins Before Abuse". We will show how the actions of council tax collecting officials such as Christopher Watkins breach international law to fund a system in which council officials operate above the law to cause such events.

Would a representative from your company consent to making an appearance in the video, the offer is open to all those politicians and government officials linked to this email. The video will appear on the Walk Around wales YouTube channel owned by Rugby Relics Ltd and on the Rugby Relics X platform. The interviews will be conducted at a location in either Seven Sisters or Glynneath to be confirmed. Note for the Council Leader and Chief Executive of NPTC who have been added to the email, please see the email chain. As the two figureheads of the council, we would love to have your opinions on the methods of council tax collection and the social media activities of your councillors. The following video is an example of a video published that includes some poor judgement by the same councillor.

https://youtu.be/_g2xvjvWbhs

and of course the video recently upoloaded of your employee Leighton Adams and his opinions on how my council tax money should be spent. We will feature his involvement in the system of council funding as part of the video..

Thanks for taking the time to read this, if you are unable to appear in the video, we will consider using a statement or quote on your behalf if appropriate to the subject matter.

kind regards

heavily involved with the murder of Glynneath residents by your council and I would refer you to the following link on our website.

https://www.walk-around-wales.com/SKHU-statement3.htm

which refers to a report of a possible sexual offence by the former leader of NPT Council Stephen Karl Hunt that was reported to South Wales Police two years ago. There is no evidence of an investigation having taken place and no contact was ever received from SWP in response to this report. When requesting a follow up on this recently I have been advised that the potential sexual groming of a child is not a police matter and that I should contact the clerk of the Glynneath Town Council about this or I should seek legal advice. The information " the Officer in the Case PC 2267 Peach has updated you were advised on 15/5/26" is complete fabrication. There was no update or email from this officer. This information can be found in the response below from South Wales Police. You personally and AJ Enforcement are collecting money for activities like this so would you care to make a response that the three organisations which my council tax funds, Neath Port Talbot Council, Glynneath Town Council and South Wales Police are using the money wisely on my behalf? . Or would you prefer to exercise your moral judgement and report this information to a higher authority through the 1998 Public Interest Disclosure Act, you have previously identified that child abuse is in your opinion a 'public interest issue' so here is a golden opportunity for you to so your bit for the public.

See forwarded email below...

Good Morning,

Thank you for contacting South Wales Police and advise this is not a police matter.

In reply to your email, I have checked our occurrence relating 2400157863 where the Officer in the Case PC 2267 Peach has updated you were advised on 15/5/26 via email the relevant first point of contact on all governance matters related to Glynneath Town Council remains the Clerk to the Council. Also, if you are not content with the response you receive from the Town Council you can seek you own independent legal advice if you felt it necessary to do so.

I hope this clarifies the situation.

Regards
